MEMORANDUM

Attention to all Agencies, Agents and Independent Trust Consultants,

CLARIFICATION ON MEDIA REPORTS PERTAINING TO BRIBERY ALLEGATIONS

We wish to address recent news reports concerning a legal charge involving an individual alleged to have solicited a bribe in relation to an investigation by the Securities Commission Malaysia (SC) concerning UBB Amanah Berhad.

It has come to our attention, as reported in recent news, that this individual approached a person presumed to have the ability to contact UBB in relation to the unlawful bribery proposition. This person rightfully reported the matter to the Malaysian Anti-Corruption Commission (MACC). For the record, UBB had no prior knowledge of this incident or any such arrangement until it was made public through the news.

We firmly uphold that integrity is non-negotiable. Our arrangement with SC is aboveboard as per regulatory conduct. As a licensed trust company, UBB remain steadfast in fulfilling our fiduciary responsibilities.

We urge the media to engage in careful and clear reporting to promote accurate public understanding. To our valued clients and supporters, we reaffirm our commitment to integrity and professionalism and sincerely appreciate your continued trust and support.

Thank you.

Yours Faithfully,

AIDA OTHMAN
Chief Executive Officer
